HOMELESS DUE TO MEDICAL  
BILLS

(Mr. CLARKE of Michigan asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLARKE of Michigan. Mr. Speaker, I recently received a phone call from my childhood friend who told me he needed a place to stay. He was homeless; homeless because he was a diabetic and because he couldn't afford to pay for his hospital bills, he was put out of his home, he was evicted; homeless because he was middle-aged and couldn't find an insurance company to provide him with coverage he could afford.

I am asking the American people to contact the U.S. Senate to let them know that this repeal of the health care reform law cannot stand. Our American people need this protection.

The very nature of health insurance is to spread the risk. The more people that are insured, the lower the cost of health insurance for all of us. We have got to maintain the health reform law.

## HEALTH CARE REFORM

(Mr. MORAN asked and was given permission to address the House for 1 minute.)

Mr. MORAN. Mr. Speaker, many Members on the Democratic side of the aisle, when we were considering health care reform, wanted a public option where the Federal Government would run it. It would ultimately save hundreds of billions of dollars more and, in fact, it would not be subject to the profit incentive of private insurance companies, but we decided ultimately not to do that.

What we did is to decide to model our health care reform after the Federal Employees Health Benefits Plan, where private insurance firms provide the coverage; you sign up for it; you have competition. We have competition now nationally and within the States in this plan, but it's modeled after what we ourselves provided for ourselves as Members of Congress.

Now the majority of the Members of Congress, both Democratic and Republican, have this plan for themselves.
